CESA

CESA INAUGRATION AND TECHNICAL EVENT

Programme Organizer	: CESA, MGI-COET, Shegaon	Programme dates	: 15 th Sept, 2023
Venue	: Class Room No. 107	Time	: 11.30 AM to 5.00 PM

Programme Coordinator(s): Prof. Ganesh D. Phuse

Programme Committee Members:

Prof. Anuradha Modak, Prof. Pankaj Kute, Prof. Ankit Nimje, Prof Anuja Wadekar and all team members.

Target audience:

All second year, third year and final year civil student

No Registration Fees

No. of beneficiaries: 110

Expert/Resource Persons:

- ER. Vikas Rale, Asst town planner at Nagar parishad Shegaon.
- Er. Vinamra Pagariya and Er. Samir Dalal Owner of Swaraj construction

Programmed Description in brief:

A Civil Engineering Student Association (CESA) is a vital part of any civil engineering program. It typically serves as a platform for students to engage in academic and professional development activities, fostering a sense of community and providing valuable networking opportunities. Here's a brief outline of a potential program and events that a CESA might organize:

1. Orientation and Welcome Event: This event can include an introduction to the association, its goals, and an overview of the upcoming activities. It's an opportunity for new members to get acquainted with the organization and meet fellow students and faculty members.
2. Workshops and Seminars: Organize workshops and seminars on relevant civil engineering topics. These could cover anything from software training (e.g., AutoCAD, Revit, or other design software) to industry trends and best practices. Invite industry professionals and professors to share their experiences and insights.
3. Field Trips and Site Visits: Arrange visits to construction sites, engineering firms, or government agencies to give students practical exposure to real-world civil engineering projects and operations. These trips can help students understand the application of theoretical knowledge in practical scenarios.
4. Technical Competitions: Host technical competitions, such as bridge-building contests, surveying challenges, or design competitions. These events can encourage teamwork, innovation, and problem-solving skills among students.

Objectives of the Programme: The specific objectives of the CESA were as given below.

1.Social Gatherings: Host social events, such as dinners, picnics, or sports activities, to foster a sense of camaraderie and teamwork among students. These events can provide opportunities for relaxation and informal networking.

2.Annual Conferences: Organize an annual conference where students can present their research and projects to a wider audience. This can encourage research and scholarly activities among students and promote the exchange of ideas within the civil engineering community.

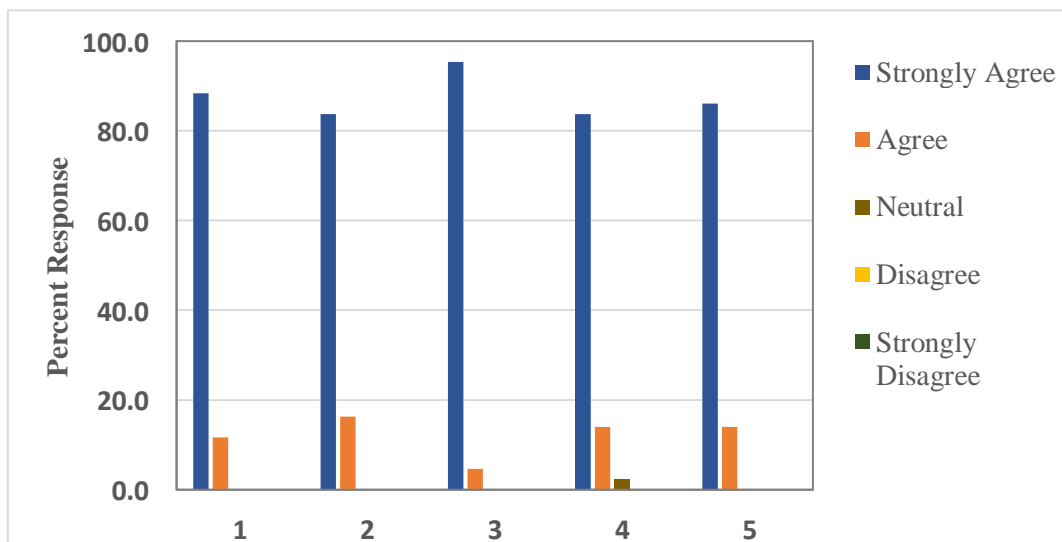

3.Guest Lectures: Invite guest speakers, including experienced engineers and researchers, to deliver talks on various aspects of civil engineering. These lectures can offer valuable insights into industry trends, cutting-edge technologies, and career opportunities.

4.Community Service Projects: Organize community service projects that involve using engineering skills to help local communities. This could include initiatives like building infrastructure for underprivileged areas, conducting environmental clean-up campaigns, or promoting sustainability projects.

Outcomes of Programme: After attending various CESA Competition on 15th Sep 2023 on the Occasion of Engineers Day active participation

- Remember, the specific events and programs can vary based on the preferences and interests of the student body. The key is to create a diverse and engaging program that not only enriches the academic experience but also cultivates a strong sense of community and professional development among aspiring civil engineers.

Feedback from participants (if any): 55 nos.

Q. N.	Feedback Question
1	How engaging was the Observation Competition in promoting critical thinking and problem-solving skills among participants?
2	All the sessions were interactive and engaging.
3	Were the teams able to work together effectively and communicate their observations clearly?
4	How could the event have better promoted creativity and innovation?
5	Overall, I am satisfied with the CESA Inauguration.

CESA INAUGRATION AND TECHNICAL EVENT

(15 September, 2023)

Program Schedule

Timings	Session
11.00 AM to 11.30 AM	Registration For Technical Event
11.30 AM to 01.00 PM	Inauguration
1.00 PM to 2.00 PM	Session I: Er. Vikas Rale (Asst. Town Planner at Nagar Parishad Shegaon) Chief Guest at CESA Inauguration
2.00 PM to 2.30 PM	Inclusive Lunch/ Student Refreshment
2.30 PM to 3.30 PM	Session II: Technical Event 1st Round Prof. Ganesh D. Phuse CESA CO-ORDINATOR Prof. Pankaj Kute CESA Technical Event
3.30 PM to 3.45 PM	Tea Break
3.45 PM to 4.45 PM	Session III: Technical Event 2nd Round Observation Test Event Results
4.45 PM to 5.00 PM	Valedictory Function

Venue: Institute First Floor Class Room No. 107, MGICOET, Shegaon.

Participant Certificate

Late Purushottam Hari (Ganesh) Patil Shikshan Sanstha's
Mauli Group of Institution's,
College of Engineering & Technology, Shegaon.
AICTE Approved, Affiliated to Sant Gadge Baba Amravati University, Amravati,
ISO 9001:2015 Certified

Certificate

This certificate is presented to

For his/her participation in

"CESA Technical event competition" Dated **15/09/23** organized by "Department of Civil Engineering", Under CESA Mauli Group of Institution's, College of Engineering & Technology, Shegaon.

**CIVIL ENGINEERING
STUDENTS ASSOCIATION**

Prof G.D.Phuse
