

Report on
“Exploring the World of AI and ChatGPT”

Programme Venue	“Exploring the World of AI and ChatGPT”
Programme Schedule	24/08/2024 at 11.00AM to 12.00 Noon, C.V. Raman Hall, Second Floor
Programme Mode	Offline
Details of Resource Person	Mr. Prathamesh Kolte (IT Second Year Student)
Total Number of Students Participated in the Programme	190
Total Number of Faculty Participated in the Programme	12
Programme Coordinator/s	Prof. P. R. Bhkare (ISF Convener)

Objectives:

- The primary objective of this presentation was to provide attendees with a comprehensive understanding of artificial intelligence (AI) and its application in conversational agents like ChatGPT.
- The session aimed to cover the fundamentals of AI, the specific workings of ChatGPT, its applications, and the ethical implications associated with these technologies.
- To encourage team work and the spirit of self-reliance among the student members.

The program was organized under IETE Student Forum (ISF). The speaker of this event was **Mr. Prathamesh Kolte**, a second-year student from the Information & Technology Department. Anchoring of the program was done by Miss Kshitija Potdukhe. After that, the

Guest welcome and felicitation ceremony take place. A total of 190 students and 12 faculty members participated in the event.

Second year students across five departments-CSE, ENTC, IT, ELPO and Mechanical Engineering were present for the event. Special appreciation was given by the **Dr. M.A.Beg** appreciate the efforts taken by the Mr. Prathamesh Kolte and encourage students to organize such activities in the coming days.

IETE Students Forum (ISF) specially expresses their gratitude to honorable **Principal Dr. C.M. Jadhao** and all heads of department for supporting the such technical activity and personally present in the event. ISF is also thankful to all the student participants and committee members who were present at the event. ISF is also thankful to all the Departmental faculty coordinator of ISF and staff members who directly or indirectly support this event and make it successful.

Notice

All the students of second year & ISF members are hereby informed that the IETE Students Forum (ISF) is going to organize a presentation on ***"Exploring the World of AI and ChatGPT"*** Presented by ***Mr. Prathamesh Kolte***, a second-year student of the ***Information Technology (IT) Department***.

The objective of this presentation is to explore the world of ChatGPT and its working.

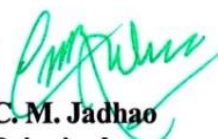

"FOR THE STUDENTS BY THE STUDENTS"

Topic Covered:

1. Introduction to AI and ChatGPT
2. Natural Language Processing
3. Introduction to ML & DL
4. Effective use of ChatGPT
5. Demonstration of NLP

Date & Venue: 24/08/2024 11 AM to 12 Noon at C.V. Raman Hall (2nd Floor)

Participant Feedback: Student Feedback collected through Google form.

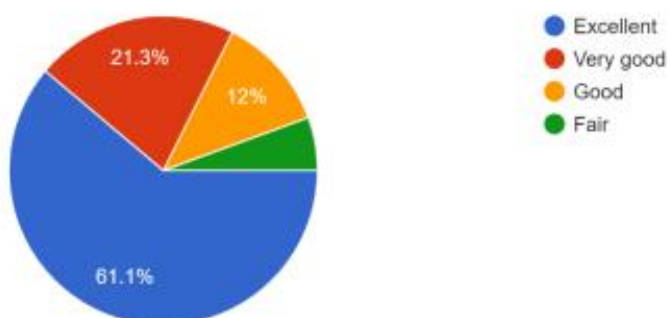

Was the content of the presentation clear and easy to understand?

108 responses

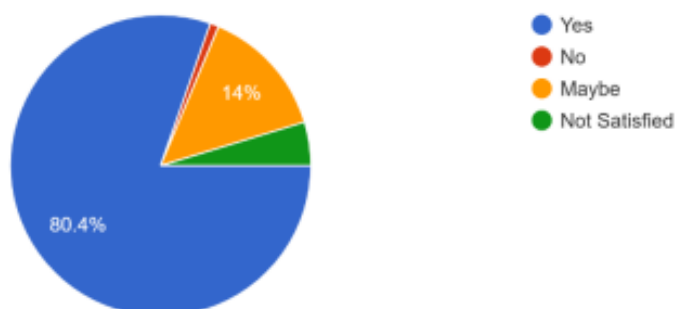

What was your overall impression of the presentation?

108 responses

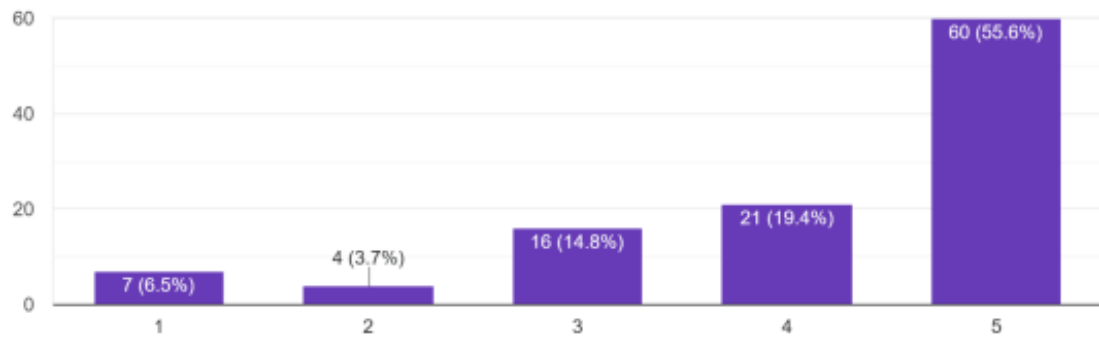

Does the content of the presentation was satisfactory and limited to you?

107 responses

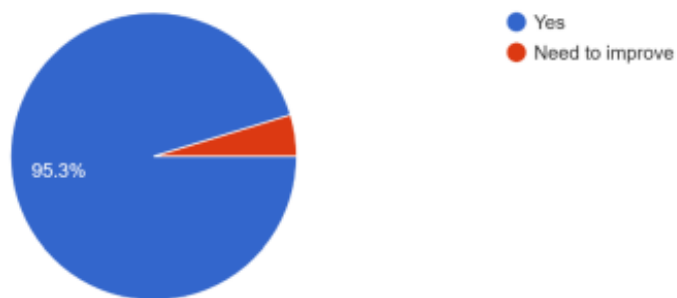

How you will rate todays workshop organised by IETE (ISF) committee.

108 responses

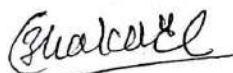

Would you like ISF should organise more similar programs.

107 responses

Outcomes:

- **Understanding of AI Fundamentals:** Students gain a solid grasp of what artificial intelligence (AI) is, including its basic concepts, types, and how it works. This includes understanding machine learning, neural networks, and natural language processing (NLP).
- **Insight into ChatGPT:** Students learn about ChatGPT specifically, including its architecture, how it was developed, and its applications. This involves understanding how language models like ChatGPT generate human-like text and the technology behind them.
- **Awareness of AI Applications:** Demonstrate the various real-world applications of AI and ChatGPT. It include examples from customer service, content creation, education, and more, showing how these technologies are integrated into different industries.
- **Ethical and Societal Implications:** Students discuss the ethical considerations and societal impacts of AI, such as privacy concerns, biases in AI, and the potential consequences of widespread AI adoption.
- **Practical Knowledge:** Depending on the depth of the presentation, you might also learn how to interact with AI tools, use them effectively, and apply them in practical scenarios.
