College of Engineering and Technology, Shegaon

Industry Institute Interaction

Report (A. Y. 2024-2025)

Faculty Industry Visit on 19th December 2024

Mauli Group Of Institution's College Of Engineering & Technology, Shegaon were given academic members the chance to visit an industries. Mauli College Of Engineering & Technology strives to foster a deeper understanding of industry trends and practices among the educators, enabling them to impart practical knowledge to students more effectively.

An industry visit; would be immensely beneficial in:

1. Understanding the latest domain technologies and practices.
2. Bridging the gap between academic curricula and industry requirements.
3. Strengthening collaborations between academia and industry.

In this regards; institute organised an Industry Visit for Mechanical and Civil faculties on 19th December 2024 at Kalika Steel Alloys Pvt Ltd and Metarolls Ispat Private Limited, at Jalna
