Report on "Gryphon training on Solid works Software" ✓

Programme Venue	CAD LAB
Programme Schedule	23 rd February 2026 to 28 th February 2026
Programme Mode	Offline Mode
Details of Resource Person	Ms. Shweta Adhyprabhu
Total Number of Students Participated in the Programme	42
Total Number of Faculty Participated in the Programme	--
Programme Coordinator/s	Prof. S. S. Bhadang & Prof. Y. P. Tidke

About the programme: The "Gryphon Training on SolidWorks Software" was organized to enhance the technical skills of students in the field of 3D CAD modeling and product design. SolidWorks, developed by Dassault Systèmes, is one of the most widely used CAD software tools in mechanical design, manufacturing, and product development industries. The training aimed to provide hands-on experience in 2D sketching, 3D part modeling, assembly design and drafting, aligning with current industrial requirements.

Objectives of the Training

- To introduce participants to the fundamentals of SolidWorks interface and tools.
- To develop skills in 2D sketching and 3D solid modeling.
- To generate detailed engineering drawings from 3D models.
- To improve industry readiness and employability skills.

Summary of the Programme: The "Gryphon Training on SolidWorks Software" was successfully conducted and achieved its intended objectives. The program provided valuable exposure to modern CAD tools and strengthened the technical competencies of the participants. Such training initiatives play a crucial role in bridging the gap between academic learning and industrial expectations. The feedback from participants was highly positive. They appreciated the practical approach, industry-oriented examples, and step-by-step explanations provided by the trainers. The hands-on sessions significantly improved their confidence in using SolidWorks software.

Prof. S. S. Bhadang
Training Head
Mechanical Department
