No 01605

Date:

14 MAR 2016

To,
The Principal,
Mauli Group of Institution's,
College of Engineering and Technology
Shegaoan, dist: Buldhana
Sub: - Industrial Visit to Thermal Power Station Paras.

Ref: - 1. H.O. Letter No.: - CGM/HR/Trg/No. -01627 Date 16/02/2017.

2. Your Letter Ref no. MGI-COET/5435/2025-26 Dtd.23.01.2026

With reference to above, permission is hereby granted to the students along with coordinator of your college to visit TPS Paras, at your risk & cost with following condition.

No. of Students: 65

Date of Visit: - 16/03/2026

No. of Faculty: 03

Time: - 02:30 PM to 5:30 PM

(Please submit Students & Faculty list)

1. To complete the Official Formalities Visitor should report first at Training Sub Centre, TPS Paras (New Chummary Building) Date 16/03/2026 at 12:30 pm Hrs. Sharp.
2. Please contact to EE(TSC) Mobile No. 7276137673
3. Please follow the Schedule Strictly.
4. Photography in any form is strictly prohibited. (Mobile not allowed)
5. Students/ Visitors will have to follow all Security and Safety Norms stringently if any mishaps MSPGCL will not responsible and the direct responsibility will lie with the concerned college.
6. Fully covered shoes are Compulsory, (Chappal & Slippers, Sandle's are not allowed) during this visit. Entry in plant premises is not allowed to any student or faculty who are wearing slipper or Sandle's.

Industrial Visit Report

A.Y. 2025-2026

Name of industry: Paras Thermal Power Station

Course Specific Subject: Energy conversion –I (4ME02)

Date: 16/03/2026

Total Number of students: 51

Total Number of faculty: 03

An industrial visit was arranged by the Mechanical Engineering Department for the students on the 16th of March 2026, during the visit Students learned about the process how the heat energy converting into electrical power with the help of steam turbine. There are two units of each capacity 250MV or total of 500 MV have been functioning at power station. Students learned major components like 1) Boiler 2) Steam turbine 3) Generator 4) Cooling towers 5) Ash handling system 6) Control room (with monitoring systems). This is playing a vital role in State's Power Scenario. For this visit Prof S. S Thakur, Prof A.V Sarkate, lab assistant- S.G Diwnale was present.

Prof S S. Thakur
